ANNUAL REPORT 2025

The Hunar Foundation

Established in 2008 by a group of visionary Pakistanis, The Hunar Foundation (THF) was founded with a clear purpose: to empower marginalized youth through access to quality technical and vocational education. What began as a mission to bridge the skills gap has evolved into a national movement focused on unlocking potential, creating opportunity, and driving economic inclusion.

At its core, THF exists to transform lives. By equipping young individuals with market-relevant skills, the foundation enables them to transition from uncertainty to self-reliance and helping them to become productive members of society and contributors to the economy. Each trained student represents not just a skilled worker, but a story of resilience, dignity, and renewed possibility.

Today, THF stands as Pakistan's largest private-sector not-for-profit organization in the Technical and Vocational Education and Training (TVET) sector. With a growing network of institutes and industry-aligned programs, the foundation continues to expand its reach and deepen its impact across the country.

Vision

Building a Skilled Pakistan by empowering youth with industry-ready skills, creating opportunities, and driving sustainable socio-economic growth.

Mission

Empowering 100,000 youth annually through quality skills training, industry partnerships, and excellence to build a brighter, skilled Pakistan.

Core Value

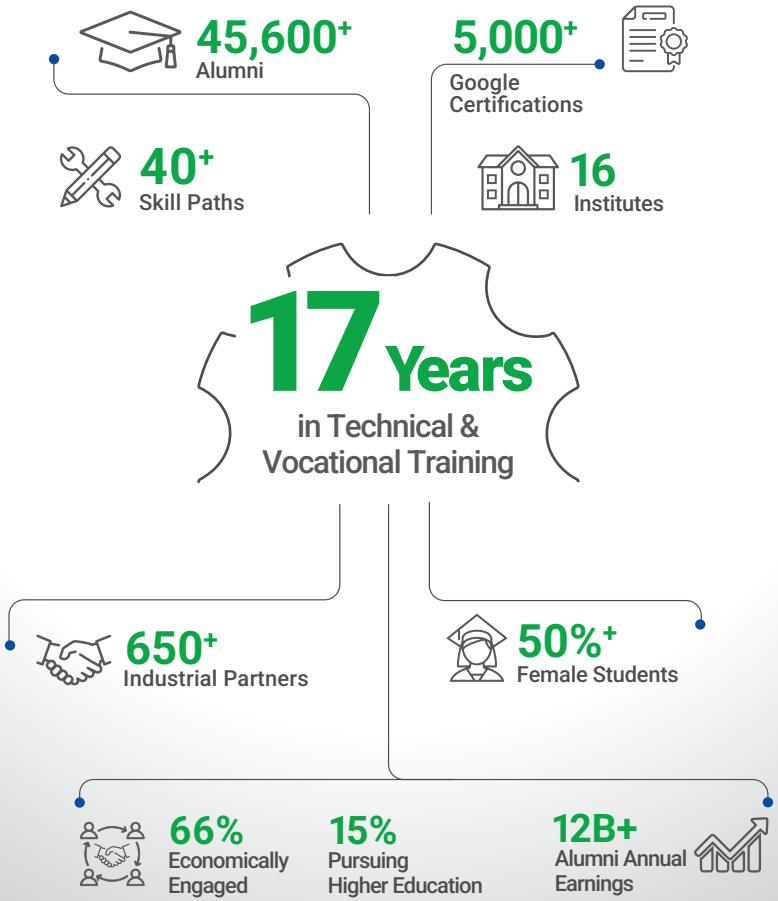

- Honesty
- Safety
- Responsibility
- Hard Work
- Quality
- Innovation
- Discipline

Expanding Access, Deepening Impact

THF continued to expand access to quality skills training across Pakistan. During the year, the Foundation launched the Ajmal Mian Technical Institute (AMTI) in Karachi and marked the groundbreaking of a new institute in Orangi Town, made possible through the generous support of Liberty Mills Limited.

Alongside, THF's flagship programs created meaningful opportunities for women, youth, and underserved communities. Thousands received market-relevant technical training, enabling graduates to secure employment and start businesses. Through strategic partnerships across multiple districts, THF further advanced its mission of empowering communities and building a skilled workforce for Pakistan's future.

Chairman's Message

At THF, the past year marks a decisive step forward—from growth to strategic scale, system leadership, and future readiness. As we look ahead, our priorities are shaped not only by expanding our own impact, but by strengthening the broader skills ecosystem of Pakistan.

Our foremost commitment remains expanding access to high-quality technical and vocational education, particularly for underserved and marginalized communities. However, we recognize that national transformation requires collective progress. In this spirit, we have advanced the Community Vocational Support System (CVSS) - a strategic initiative designed to enable and uplift smaller TVET institutions by providing guidance, standards, and support. Through CVSS, we aim to raise the overall quality of skills training across the country, in line with our vision of a truly skilled Pakistan.

At the same time, we are accelerating strategic network expansion, extending our presence into new geographies and communities where access to opportunity remains limited. This growth is being complemented by the integration of education technology, allowing us to scale impact beyond physical campuses. By introducing a hybrid learning model, we aim to combine in-person training with digital platforms to improve accessibility, flexibility, and learning outcomes for a wider segment of youth.

Strengthening industry and global linkages continues to be a key priority. Collaborations with leading employers, international institutions, and global platforms - such as our partnership with Google are ensuring that our graduates are equipped with relevant, market-driven skills and are able to access opportunities both locally and internationally.

We are also investing in future-focused sectors, including digital skills, healthcare, and hospitality, aligning our programs with emerging economic trends. Alongside this, our continued focus on quality - through international accreditations, modern pedagogy, and faculty development ensures that scale does not come at the cost of excellence.

Equally central to our mission is inclusion. We remain deeply committed to empowering women, minorities, and disadvantaged communities, enabling them to participate meaningfully in the economy and build dignified livelihoods.

As an institution, we are strengthening our internal capabilities through leadership development, innovation, and digital transformation, ensuring that THF remains agile, resilient, and ready for the future.

I take this opportunity to extend my heartfelt gratitude to our valued donors, supporters, and partners whose unwavering support continues to power the mission of The Hunar Foundation. Your trust, commitment, and collaboration enable us to expand access to quality skills training, create meaningful opportunities for our youth, and drive lasting social impact. As we continue this journey, we will need your support more than ever before to further scale our impact.

The road ahead demands both ambition and collaboration. By expanding our reach, enabling others, and embracing technology-driven models, we are not only transforming lives - we are shaping a more inclusive, skilled, and prosperous Pakistan.

Sincerely,
Aslam Khaliq

Empowering Communities Through Inclusion

THF continued to expand opportunities for marginalized communities through impactful partnerships. In partnership with the Pakistan Poverty Alleviation Fund (PPAF), THF provided technical skills training to 189 minority youth across 13 districts, fostering economic resilience while promoting social inclusion and interfaith harmony.

Through its collaboration with GIZ, the Foundation also supported Afghan refugees by equipping them with market-relevant skills, enabling their transition towards self-reliance and contributing to the long-term stability of host communities. Together, these initiatives reflect THF's commitment to ensuring that quality technical education reaches those who need it most, creating opportunities that transform lives and strengthen communities.

Global Pathways & Employability

THF continued to strengthen its global footprint by enhancing the international recognition and mobility of its graduates. The City & Guilds accreditation of the Delhi Mercantile Society Technical Institute (DMSTI) reinforced THF's commitment to world-class training standards, while its partnership with the Overseas Employment Corporation (OEC) created pathways for skilled graduates to access international employment opportunities, including placements in the Middle East and South Korea's five-year work visa program.

Expanding Digital Pathways via Google Career Certificates

In a significant step toward future-ready skills development, THF has partnered with Google to offer Google Career Certificates to the youth of Pakistan. These globally recognized programs equip learners with in-demand digital skills through hands-on, real world projects.

By enabling access to credible certifications aligned with industry needs, this initiative opens pathways to both employment and freelancing opportunities, positioning THF graduates to compete and succeed in the global digital economy.

Expanding into Healthcare Training

This year marked a major milestone with the establishment of the Feroz Fatima Healthcare & Technical Institute (FFHTI), expanding THF's footprint into healthcare education and training. Developed to address Pakistan's growing need for skilled healthcare professionals, the institute offers industry-aligned programs supported by modern laboratories and practical, hands-on training.

By combining technical excellence with workplace readiness, the institute prepares students for meaningful careers across the healthcare sector.

Advancing Women's Economic Empowerment

Creating Pathways to Independence

At THF, empowering women means creating opportunities that lead to confidence, financial independence, and lasting social change. Through strategic partnerships and industry-driven programs, THF is enabling young women to break barriers and build meaningful careers.

The BAT Legacy: 2,200 Women Empowered

In partnership with the British Asian Trust, THF empowered women through industry-aligned technical and vocational training across Lahore, Multan, and Karachi, equipping them with skills for employment, entrepreneurship, and financial independence.

The program completed five cohorts ahead of schedule, training and certifying 2,270 women while exceeding its economic engagement target by 8%, creating lasting impact for women, their families, and communities.

Wheels of Change

In partnership with Pink Riders, THF trained 25 female students in motorcycle riding, road safety, and traffic awareness. Equipped with learner's licenses, the participants gained greater mobility and independence to pursue education and employment opportunities.

Excellence in Training & Digital Transformation

The year marked a strong push toward quality and innovation. Curriculum upgrades, competency-based training models, and international expert engagements enhanced instructional standards. THF also initiated a comprehensive digital transformation, introducing LMS platforms, ERP systems, and standardized course structures to improve efficiency, accessibility, and scale.

Skills That Transform Lives

Through a structured training system, modern learning facilities, and hands-on practical experience, students receive professional instruction in beauty services, hair styling, skincare, makeup, salon operations, and client management.

Guided by experienced trainers and industry experts, learners are equipped with the technical competencies, professional ethics, and confidence required to meet industry standards and succeed in a competitive market. For many young women, the program represents a second chance to rebuild their lives, overcome economic barriers, and pursue a dignified livelihood.

Celebrating Talent, Innovation & Entrepreneurship

Student success remained at the heart of THF's journey throughout the year. From securing top positions at national competitions such as Teknofest and Robofest to presenting innovative business ideas at open houses and entrepreneurship showcases, THF students continued to demonstrate their talent, creativity, and determination.

Beyond technical training, the Emerge Incubation Center provided aspiring entrepreneurs with mentorship, guidance, and the resources needed to develop their ideas into viable ventures. These achievements reflect THF's commitment to not only developing skilled professionals but also nurturing innovators, entrepreneurs, and future leaders who contribute to Pakistan's economic growth.

Strengthening Advocacy and Visibility

THF welcomed government leaders, policymakers, development partners, and international representatives to its institutes, providing opportunities to showcase its programs and impact firsthand.

Strong media engagement, along with participation in exhibitions, events, and community outreach initiatives, further expanded public awareness of technical and vocational education. These efforts strengthened stakeholder confidence and reinforced THF's role in creating pathways to employment, economic mobility, and sustainable livelihoods.

A Culture of People & Purpose

THF continued to invest in its people by strengthening leadership, building staff capabilities, and promoting employee well-being. Throughout the year, training sessions, team-building activities, and cultural initiatives fostered a collaborative and purpose-driven workplace.

By nurturing a culture of learning, respect, and shared values, THF empowered its people to deliver greater impact while advancing its vision of a skilled and poverty-free Pakistan. These efforts strengthened teamwork, encouraged continuous learning, and reinforced a workplace where individuals are empowered to grow alongside the organization.

Transforming Lives Through Growth & Collaboration

Year 2024-25 was marked by scale, partnerships, and transformation. THF not only expanded its reach but also deepened its impact bridging education with employment, local talent with global opportunity, and ambition with achievement. The momentum built during the year sets a strong foundation for accelerated growth and even greater impact in the years ahead.

Suneela

Breaking Barriers, Building Futures

Suneela's journey is a powerful example of how determination and education can transform lives. Married at just 16 and raising two children, she balanced household responsibilities while holding on to her dream of creating a better future for herself and her family. Refusing to let her circumstances define her, she took her first step by enrolling in THF's Computer Operating System course and later completed the Healthcare program, driven by an unwavering desire to keep learning. She was a beneficiary of THF's "Economic Empowerment of Marginalised Communities through Strengthening the Technical and Skills Sector in Punjab and Sindh, Pakistan" project, funded by the Pakistan Poverty Alleviation Fund (PPAF).

Each course strengthened her confidence and broadened her vision for the future. Today, Suneela is working as a Gynecology Assistant at Citizen Hospital, Tando Allahyar, where she is applying her skills to serve her community while continuing to support her family. What began as a goal to become financially independent has grown into a mission to uplift others.

The transformation has not only changed her career but also her outlook on life. THF gave her the confidence to believe in her own abilities and showed her that learning has no limits. Despite managing her family and professional responsibilities, she continues to pursue opportunities that help her grow personally and professionally.

Inspired by her own journey, Suneela is now working towards establishing her own school, where she hopes to inspire children to value education, believe in themselves, and stand up for their dreams. She wants every child who comes to her to dream bigger than their circumstances. Her story is a testament to the power of education, resilience, and opportunity to create lasting change not just for one individual, but for an entire community.

Hasnain

Skills That Cross Borders

His journey is a powerful example of how skills and opportunity can change a life. After completing the Industrial Electrician trade at THF, he gained the technical expertise, confidence, and direction he had long been searching for. With THF's placement support, Hasnain secured a position as an Electrical Technician at Al Fanar in Saudi Arabia — turning his dream of working abroad into reality. Today, he proudly supports his family while building a brighter future for himself. Inspired by his success, Hasnain now dreams of establishing his own company one day and creating opportunities for others, just as THF created one for him.

Omar Ikram's

Designing Success in the Digital World

His journey reflects the transformative impact of skills-based education. As a graduate of Digital Marketing Program, Omar entered the digital industry equipped with practical expertise, creativity, and confidence gained through hands-on, market-driven training. Today, he serves as Creative Director at Sygnea Digital, earning Rs. 130,000 per month — a remarkable achievement that highlights the power of opportunity and relevant education. THF's contribution went beyond technical learning; it empowered Omar with industry exposure, mentorship, and career-focused skills that enabled him to build a successful future. His story stands as an inspiring example of how THF is shaping talent into thriving professionals.

Adnan Gulzar

From Potential to Progress

Over the past year, Adan Gulzar's life has transformed remarkably through THF's Fashion Designing course. Joining the program to strengthen his tailoring skills, Adan learned advanced techniques such as pattern making, cutting, and professional stitching while continuing work at a local tailoring shop. Today, he earns a better income, actively supports his family, and approaches his work with confidence and ambition. Beyond financial growth, the most inspiring change is in his personality — his confidence, communication, and sense of purpose are clearly visible and admired by those around him. Adan now dreams of launching his own tailoring business and building a successful future through his passion and skills.

Bisma

Designing Her Own Future

Her journey reflects determination, creativity, and the power of opportunity. After successfully completing the Graphic Designing course at THF, she secured a position as a Graphic Designer at a well-known software house — an important milestone toward a successful future. Through THF's practical training and supportive learning environment, Bisma gained the confidence and professional skills needed to step into the creative industry. Today, she believes that economic and financial independence is essential for every girl to build a secure and empowered life. Grateful for the opportunity, Bisma proudly credits THF for helping her transform her passion into a promising professional career.

INDEPENDENT AUDITORS' REPORT TO THE BOARD OF HUNAR FOUNDATION

Opinion

We have audited the financial statements of THE HUNAR FOUNDATION ("The Foundation") which comprise the statement of financial position as at June 30, 2025, the Income and expenditure account, statement of changes in accumulated fund and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Foundation as at June 30, 2025 and of its financial performance, statement of changes in accumulated fund and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Governing Board for the Financial Statements

The management of the Foundation is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management of the Foundation is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

The Board are responsible for overseeing the Foundation's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Zulfikar Ali Kausar.

CHAIRMAN

TREASURER

THE HUNAR FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2025

1 LEGAL STATUS AND ITS OPERATIONS

The Hunar Foundation ("the Foundation") was registered under the Societies Registration Act, 1860 (Act No. XX1 of 1860) vide Registration No. KAR 0104 dated February 21, 2008. The registered office of the Foundation is situated at SNPA-7A, Block-3, DMCHS, Karachi. The Foundation's main objective is to set up and run technical institutions on non-commercial basis for providing technical education and also to carry out other charitable work for relief of needy and poor persons. The Foundation is operating 16 Instiutes in 7 Cities / locations throughout Pakistan.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards for Small and Medium-sized Entities (IFRS for SMEs) issued by the International Accounting Standards Board (IASB) as notified by the SECP and Accounting Standard for Not for Profit Organizations (NPOs) issued by the Institute of Chartered Accountants of Pakistan (ICAP).

2.2 BASIS OF MEASUREMENT

These financial statements have been prepared on the basis of historical cost convention except for investments which are carried at fair value.

2.3 FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements are presented in Pakistan Rupee ("Rupees" or "Rs."), which is the Company's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to all the periods presented.

3.1 Property and equipment

Operating fixed assets

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Items considered to have insignificant value are not capitalized.

Depreciation is charged to income and expenditure account from the month of acquisition of assets and no depreciation is charged in the month of disposal. The annual depreciation is calculated using reducing balance method using rates as disclosed in note 5.1.

The assets' residual values, useful lives and methods are reviewed and adjusted if appropriate, at each financial year end. Useful life of an asset is determined by the management based on expected usage of assets, expected physical wear and tear, technical obsolescence, legal and similar limits on the use of assets and other similar factors.

Normal repairs and maintenance are charged to income and expenditure account as and when incurred. Gain or loss on sale of operating fixed assets is taken to income and expenditure account in the period in which the asset is disposed off.

Capital work-in-progress

Capital work-in-progress is stated at cost less impairment, if any, and represents expenditures incurred and advances made in respect of specific assets during the construction / erection year. These are transferred to specific assets as and when assets are available for use.

3.2 Intangible assets

An intangible asset is recognised if it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of such assets can also be measured reliably. Intangible asset is stated at cost less accumulated amortization and accumulated impairment loss, if any. Cost in relation to intangible asset is amortized over its useful life, using reducing balance method.

3.3 Impairment of non-financial assets

The Foundation assesses at each reporting date whether there is any indication that assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying value exceeds recoverable amount, assets are written down to the recoverable amount.

3.4 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The Foundation classifies its financial assets in the following categories: at fair value through profit and loss, held to maturity, and available-for-sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. Any gains or losses on derecognition of the financial assets and financial liabilities are taken to the statement of profit or loss account currently.

3.4.1 Financial assets

a) Available for sale

Available for sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as fair value through profit or loss.

b) Held to maturity

Held to maturity investments are financial assets with fixed or determinable payments and fixed maturity that the foundation has a positive intent and ability to hold to maturity.

c) Fair value through profit or loss

A financial asset is classified at fair value through profit or loss if it is held for trading or is designated as such upon initial recognition. Investments are designated at fair value through profit or loss if the foundation manages such investments and makes purchase and sale decisions based on recognized in income and expenditure account when incurred. their fair value. Upon initial recognition, attributable transaction costs are recognised in income and expenditure account when incurred.

Investments at fair value through profit or loss are measured at fair value and changes therein are recognized in statement of income and expenditure.

3.4.2 Offsetting of financial assets and financial liabilities

Financial asset and a financial liability is offset and the net amount is reported in the statement of financial position if the foundation has legally enforceable right to setoff the recognized amount and intend either to settle on a net basis or to realize the asset and settle the liability simultaneously.

3.4.3 Financial liabilities

All financial liabilities are recognized at the time when the society becomes a party to the contractual provisions of the instrument. Financial liabilities are recognized initially at fair value less any directly attributable transaction cost. Subsequently to initial recognition, these are measured at amortized cost using the effective interest rate method.

3.4.4 Impairment of financial assets

At each reporting date, the foundation reviews the carrying amounts of its non-financial assets at each reporting date to identify circumstances indicating occurrence of impairment loss or reversal of previous impairment losses. An impairment loss is recognized in the statement of profit or loss for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sale and value in use. Reversal of impairment loss is restricted to the original cost of the asset in statement of profit or loss.

3.4.5 Derecognition

Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the foundation has transferred substantially all risks and rewards of ownership attached to such financial assets. Gains and losses on disposal are determined by comparing the proceeds with the carrying amount and are recognized in the statement of income and expenditure.

3.5 Cash and cash equivalents

Cash and cash equivalent include cash in hand and bank balances.

3.6 Revenue Recognition

- Donation, zakat and sponsorship income is recorded as income when received

- dividend on mutual fund units is recognised when the foundation right to receive the dividend is established.

- income on profit and loss sharing bank accounts is recognised on a time proportion basis at effective rate of return.

- miscellaneous income is recognised on receipt basis.

3.7 Taxation

As per Section 100C of the Income Tax Ordinance, 2001, the income of non-profit organisations, trusts or welfare institutions shall be allowed a tax credit equal to one hundred per cent of the tax payable, including minimum tax and final taxes payables subject to the return has been filled, tax required to be deducted or collected has been deducted or collected and paid; and withholding tax statements for the immediately preceding tax year have been filed. The Organisation is in the process of claiming tax credit equal to one hundred percent of the tax payable under section 100C of the Income Tax Ordinance, 2001 for the current year. Management is confident that the exemption shall be obtained and no tax provision is required in these financial statements.

3.8 Deferred income

The deferred income relates to the income received for capital expenditure is recorded as income to the extent of actual expense incurred during the year.

3.9 Fund balance

The funds comprises of:

a. Restricted fund

This includes restricted donations that are received for operational and capital expenditure.

b. Endowment fund

This includes restricted donations received for the purpose of student sponsorships.

3.10 Significant accounting estimates, judgements and assumptions

The preparation of financial statements in conformity with accounting and reporting standards requires management to make estimates, assumptions and use judgements that affect the application of the Society's accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future years.

Judgements made by the management in the application of accounting and reporting standards, as applicable in Pakistan, that have significant effect on these financial statements are described in the following notes:

- Property and equipment (notes 3.1)
- Impairment of financial assets (note 3.3.4)
- Taxation (note 3.7)
